- ACCOUNTING & BOOK KEEPING
- CLOUD ACCOUNTING
- OUTSOURCE ACCOUNTING

# ACCOUNTING AND BOOK KEEPING

BOOK FIX ACCOUNTING SERVICES FZE provides exceptional accounting and bookkeeping solutions in Sharjah. Their dedicated team meticulously manages financial records, ensuring accuracy and compliance with industry standards. With expertise in handling various accounting tasks, including accounts payable/receivable, reconciliations, and financial reporting, BOOK FIX ACCOUNTING SERVICES FZE offers reliable support to businesses of all sizes.

## CLOUD ACCOUNTING

BOOK FIX ACCOUNTING SERVICES FZE in Sharjah excels in cloud accounting solutions, leveraging cutting-edge technology to streamline financial processes for businesses. Their adept team utilizes cloud-based accounting software to facilitate seamless collaboration and real-time access to financial data from anywhere. With a focus on efficiency, accuracy, and security, BOOK FIX ACCOUNTING SERVICES FZE ensures that clients benefit from enhanced flexibility and scalability in managing their finances.

## OUTSOURCE ACCOUNTING

BOOK FIX ACCOUNTING SERVICES FZE in Sharjah offers comprehensive outsourced accounting solutions tailored to meet the diverse needs of businesses. Their proficient team handles various accounting tasks, including bookkeeping, financial reporting, payroll management, and tax preparation, allowing clients to focus on their core operations. By outsourcing accounting functions to BOOK FIX ACCOUNTING SERVICES FZE, businesses benefit from cost-effective, efficient, and accurate financial management services.

# VAT SERVICES

BOOK FIX ACCOUNTING SERVICES FZE in Sharjah provides expert VAT services to businesses, ensuring compliance with the UAE's Value Added Tax regulations. Their proficient team assists clients in navigating the complexities of VAT registration, filing, and compliance, helping them avoid penalties and optimize tax obligations. With a focus on accuracy and efficiency, BOOK FIX ACCOUNTING SERVICES FZE offers tailored VAT solutions to meet the specific needs of each client. Trusted for their reliability and expertise, they stand as a reliable partner for businesses seeking proficient VAT services in Sharjah.

## VAT REGISTRATION

Who is required to register for VAT? In many jurisdictions, including the UAE, entities meeting certain revenue thresholds are required to register for Value Added Tax (VAT). Typically, businesses with annual taxable supplies exceeding the specified threshold must register.

## VAT RETURN FILING

VAT return filing is a crucial process where businesses submit their VAT records to tax authorities, detailing their taxable sales and purchases within a specific period. In jurisdictions like the UAE, VAT returns typically entail reporting output tax collected from customers and input tax paid on purchases.

## VAT REFUND

VAT refund refers to the process where businesses can reclaim Value Added Tax (VAT) paid on eligible expenses. In many jurisdictions, including the UAE, businesses can request VAT refunds for certain expenses incurred for business purposes, such as exports or zero-rated supplies.

## VAT DE REGISTRATION

VAT deregistration streamlines operations by ceasing VAT charges on sales and reclaiming input VAT. It optimizes cash flow and enhances competitiveness, but compliance with regulations is essential to avoid penalties. Overall, it offers businesses a strategic means to align tax obligations with evolving needs.

## VAT IMPORT AND EXPORT DECLARATION QUERIES

VAT import and export declaration queries involve seeking clarification from tax authorities regarding VAT-related matters concerning the importation and exportation of goods.

## OTHER SERVICES

An Import-Export Code (IEC) from UAE Customs is mandatory for importing foreign goods, exporting UAE-produced goods, or re-exporting previously imported goods. This unique identifier ensures compliance with customs regulations, facilitating seamless cross-border trade operations in the UAE.

### IMPORT AND EXPORT CODE RENEWAL

The Custom Import Code enables businesses in Sharjah to import and export goods globally or from free zones to the mainland. With a valid import code, companies within Sharjah can freely engage in import and export activities. Approval for the Customs Import Code is typically granted by the Client Relation Section of Sharjah Customs, facilitating smooth and compliant trade operations within the emirate.

### ESR (ECONOMIC SUBSTANCE REGULATION) SERVICES

The Regulations aim to enforce accurate reporting of profits by UAE entities engaged in specific activities, ensuring alignment with the economic activity conducted within the country. This helps maintain transparency and fairness in financial reporting, contributing to the overall integrity of the UAE's economic landscape.
